## FOREWORD

Beginning with this handbook, the annual review of Communist military and economic aid activities in less developed areas of the Free World will be issued by the Office of Economic Research, CIA. This review was previously covered in the annual R-14 report series, **Aid and Trade Activities of Communist Countries in Less Developed Areas of the Free World**, prepared under the aegis of the Subcommittee on International Trade and Aid of the Economic Intelligence Committee, USIB. The subcommittee was abolished effective 1 October 1974.

This handbook provides only statistical data on Communist military and economic aid activities in the less developed countries of the Free World. It serves as an annex to a detailed assessment of significant developments in Communist-LDC military and economic aid relationships in 1974 that will be issued under separate cover.

Statistics in this handbook update and supersede those in the previous R-14 series. For the first time, however, no Communist-LDC trade data are presented. Such information is now issued separately. For example, Soviet-LDC trade was covered in ER IR 74-29, **Record Soviet-LDC Trade in 1973**, November 1974, Confidential. Data on trade of all Communist countries with LDCs in 1973 will appear as a supplement to the monthly report on **Communist Aid and Trade Activities in Less Developed Countries** issued in April.

In this handbook the term **Communist countries** refers to the USSR, the Peoples Republic of China, and the following countries of Eastern Europe—Bulgaria, Czechoslovakia, East Germany, Hungary, Poland, and Romania.

The term **less developed countries of the Free World** includes the following: (1) all countries of Africa except the Republic of South Africa; (2) all countries of East Asia except Hong Kong and Japan; (3) Malta, Portugal, and Spain in Europe; (4) all countries in Latin America except Cuba; and (5) all countries in the Near East and South Asia.

The term **extension** refers to a commitment to provide goods and services either on deferred payment terms or as grants. Assistance is considered to have been extended when accords are initialed and constitute a formal declaration of intent. The term **drawings** refers to the delivery of goods or the use of services.

The figures in this handbook have been coordinated with the Bureau of Intelligence and Research of the Department of State, the Defense Intelligence Agency, and the Agency for International Development. Comments and queries regarding this publication are welcomed. They may be directed to [REDACTED] of the Office of Economic Research, Code 143, Extension 5291.

SECRET/NO FOREIGN DISSEM

<sup>1</sup> The estimated value is a minimum figure derived either by using the aggregate value (at list prices) of agreements where known or by pricing the material through analogous prices noted in aid agreements between Communist countries and other less developed countries. Where the value of the equipment is believed to be less than \$1 million, the estimated minimum value is shown as Negl. The estimated value does not include credits for construction of military industrial installations and airfields, valued minimally at \$43 million, which in some cases may be carried under economic assistance agreements.

<sup>2</sup> Downpayment includes cash payments required at contract signing or when deliveries are made, as well as commercial sales.

<sup>3</sup> Grants are shown as 100% discounts.

<sup>4</sup> Afghanistan has also received credits valued at nearly \$24 million from the USSR for construction of airfields.

<sup>5</sup> These transactions largely reflect grant aid in arms provided the Algerian rebel government prior to independence.

<sup>6</sup> Excluded are more than \$9 million worth of Chinese ground forces ordnance and other military equipment received by Cambodia from December 1966 to July 1969, as a "cut" for handling transshipment of arms to the NVA/VC through Sihanoukville. Cambodia also has received an economic aid credit of \$1.3 million from Czechoslovakia for the construction of an ammunition plant.

<sup>7</sup> Libya and Algeria may have paid \$150 million in cash for arms provided during the October 1973 Arab-Israeli War on both Egyptian and Syrian account.

<sup>8</sup> Ghana has also received credits valued at \$13 million for construction of an ammunition plant and an airfield from Czechoslovakia and the USSR, respectively.

<sup>9</sup> Agreement for MIG-21 FL production in India dated at provision of license for manufacture. The credit portion covers license and imports of jigs, tools, and fixtures; the downpayment portion covers imports of aircraft components and raw materials for assembly and production. The value of agreement for production of Atoll air-to-air missiles has not been ascertained.

<sup>10</sup> Agreement for MIG-21 M production in India dated at the provision of license for manufacture.

<sup>11</sup> The USSR is believed to have canceled agreements for about \$225 million in undrawn military aid to Indonesia—\$175 million in credits and \$50 million in discounts. Indonesia is still obligated to repay the USSR for the credit portion of all military aid drawn.

<sup>12</sup> North Yemen has also received \$5 million from the USSR for the construction of an airfield.

<sup>1</sup> In Cambodia and Indonesia, both Soviet and Chinese aid programs are inactive. In Cyprus the Soviet program is inactive—further deliveries are unlikely. In Pakistan the USSR has stopped delivery of weaponry, although it is providing support-type equipment—particularly vehicles.

<sup>1</sup> Symbols used in Table 10 have the following meanings: S—under survey, UC—under construction or being implemented, CS—construction suspended, and C—completed.

<sup>2</sup> The amount extended reflects an adjustment for downpayments.

<sup>3</sup> Soviet credits that have shorter repayment periods than most aid credits and are usually for the purchase of capital goods.

<sup>4</sup> The amount extended is estimated.

<sup>5</sup> The amount extended is not known.

<sup>6</sup> A 1971 protocol to the June 1961 agreement turned \$0.9 million of the \$44.4 million project aid into a grant and \$1.3 million of the \$7.8 million commodity credit into a grant.

<sup>7</sup> For Zanzibar only.

<sup>8</sup> Includes \$2.2 million for state bank.

<sup>9</sup> The agreement to extend credit for building the railroad was signed in September 1967, but the amount of the credit was not agreed to until July 1970 after surveys had been completed. Drawings on the credit are retroactive to 1968.

<sup>1</sup> Symbols used in Table 20 have the following meanings: S—under survey, UC—under construction or being implemented, C—completed construction, CS—construction suspended, PC—project canceled, CC—construction completed by less developed country or Western country.

<sup>2</sup> The amount extended reflects an adjustment for downpayments.

<sup>3</sup> Credit of \$84.0 million extended in 1961 reduced to level of drawings to reflect Burmese takeover following expulsion of Chinese in 1968. The undrawn portion was re-extended in 1971.

<sup>4</sup> Credit of \$30.0 million extended in 1961, the credit of \$50.0 million extended in Jan. 1965 and grant of \$16.0 million extended in Sep. 1965 are reduced to level of drawings at time of abortive coup in 1965 when Chinese were expelled and their work on projects canceled.

<sup>5</sup> The 1956 credit and protocol of 1959 were reduced from \$100 million and \$5.6 million credits to amount drawn at the time the credits expired in 1964. The 1960 credit of \$210 million, reduced from the original \$350 million by transfer of \$40 million to the military account, also was reduced to reflect drawings at time credit expired in 1967.

<sup>6</sup> Includes only aid extended after formation of the Laos coalition government under the Geneva accord of July 1962. Undelivered commitments of \$2.2 million grant and \$3.9 million credits extended by the USSR in 1962 have been deleted. A line of credit for \$4.0 million extended by China in 1962 but never drawn also has been deleted.

<sup>1</sup> Symbols used in Table 22 have the following meanings: S—under survey; UC—under construction or being implemented, HS—survey suspended, CS—construction suspended, and C—completed.

<sup>2</sup> The amount extended reflects an adjustment for downpayments.

<sup>3</sup> Amount of aid is unknown.

<sup>4</sup> Original credit of \$15 million, extended in 1965, reduced to the amount drawn at the time the credit expired in 1968.

<sup>5</sup> Soviet credits that have shorter repayment periods than most aid credits and which are usually for the purchase of capital goods or for assistance to small projects.

<sup>6</sup> Original credit of \$100 million, extended in 1958, reduced to the amount drawn at the time the credit expired in 1961.

<sup>7</sup> Credit is openended. Additional amounts will be added as contracts are signed.

<sup>1</sup> Symbols used in Table 23 have the following meanings: S—under survey, UC—under construction or being implemented, CS—construction suspended, and C—completed.

<sup>2</sup> The amount extended reflects an adjustment for downpayments.

<sup>3</sup> Minimum estimated value.

<sup>4</sup> Additional credits for these projects were extended in May 1962.

<sup>5</sup> Soviet credits that have shorter repayment periods than most aid credits and which are usually for the purchase of capital goods or for assistance to small projects.

<sup>6</sup> The amount extended is not known.

<sup>7</sup> Credits extended to Pakistan prior to December 1971 known to have been designated for use in the eastern sector have been deducted from amounts originally extended to Pakistan and reallocated to Bangladesh.

<sup>8</sup> Credit originally for \$225.0 million reduced by \$9.0 million, the amount saved during construction.

<sup>9</sup> Includes \$44.4 million of credits originally extended in 1963, but incorporated in the line of credit in 1964.

<sup>10</sup> Credit originally for \$84.0 million for delivery of 33 ships, reduced to amount delivered by 1969 because the contract is believed to have been canceled. This amount also reflects an adjustment for downpayment.

<sup>11</sup> Credit expired on 31 March 1972, reduced from original \$84 million to \$66.7 million, the amount obligated by that date.

<sup>12</sup> The agreement does not establish a limit to the amount of assistance. New projects may be added in the future.

<sup>13</sup> The \$20 million agreement signed in 1972 is believed to include a \$10 million credit extended in 1967 for similar projects.

<sup>14</sup> Converted from credits to grants in 1972.

<sup>15</sup> Extended to replace \$15 million 1962 credit that expired in 1964.
